Coralbells - Heuchera

Heuchera make excellent foliage plants for part or full shade gardens. They have small bell shaped flowers of pink or white in early summer that are on slender stocks over the foliage. Heuchera form clumps or mounds of heart-shaped, boldly veined leaves. Some cultivars have bold dark, or radiant silvery, foliage. They grow best in fertile, well-drained soil in part shade. Their foliage will increase in color contrast with a more sun but not too much as they can burn.

Firefly

Attractive green foliage and airy bright scarlet flower panicles provide color and contrast from late spring to early summer. grows 12-15"

1 gallon pot \$9.99ea

Lime Marmalade

A heat tolerant yellow Coralbell. Mounded, ruffled foliage that will hold its color well into the summer. Tan colored blooms in summer. Grows 8- 10"

Forever Purple Coralbell

Purple glossy leaves with fluted edges with a silvery trim. Purplish pink flowers. 10-12"

Caramel

Lobbed honey / apricot leaves that deepen in color during the warm summer. Pink bell shaped flowers. Grows 12-15"

Marmalade

Striking foliage with yellow to reddish brown with hints of olive and rose. Grow 12-15"

1 gallon pot \$14.99ea

Midnight Rose

Spectacular dark purple foliage that is variegated with fuchsia pink specks that turn creamy white as the leave matures. Grows 10-12"

Cutie Blonde Coralbell

Caramel colored leaves with creamy yellow flowers. Grows 6-8"

Northern Exposure Amber Coralbell

Amber colored leaves with greenish yellow flowers. Grows 14-16"

Nsiorthern Exposure Red Coralbell

Dark Burgundy red leaves with greenish yellow flowers. Grows 12-15"

Northern Exposure Silver Coralbell

Purple green leaves with silver veins Grows 12-15"

1 gallon pot \$15.99ea

Hosta

Hosta have large leathery, sometimes ruffled leaves that range from green, silver, cream, gold and blue. Hostas are very long lived, tough perennials that are an excellent addition to any part to full shade garden. They have small lily like flowers on sturdy stems in late summer that attract Hummingbirds. Hosta range in size from one foot to 4-5 ft.

August Moon Hosta

Lime green hybrid with leaf margins curled upwards and wavy. 12-15" (slow)

Lanceleaf

Bright green, narrow leaves with white flowers. Grows 15-18" (medium)

Royal Standard

Large, corrugated green leaves. Very fragrant white flower. 20-24" (medium)

Albomarginata

Green leaves with a narrow silver edge. 15-18"

Mediovarigata

silver leaf with green margins. Lavender flowers. Quick to establish. Grows 15-18"

Honeybells

Large apple-green leaves. Fragrant white flowers 20-24" (medium)

1 gallon pot \$9.99ea

Wide Brim

Dark green with wide, margins of buttery yellow. Lavender flowers. 20-24" (medium)
