

Organic

FERTILIZING

We carry Evolve Organic Fertilizers that have been carefully formulated to meet your specific growing needs, A simple and easy way to grow your plants organically. Whether you are growing flowers, shrubs, trees or vegetables, there is a fertilizer for everything.

VEGETABLE PLANTS & SEEDLINGS

EVOLVE Organic Tomato 3-2-2

EVOLVE Tomato liquid organic fertilizer is derived from digested vegetable meal, bat guano, citric acid, and kelp meal. It also supplies .7% immediately available Calcium to your Tomato plant to help prevent the onset of blossom end rot.

EVOLVE Organic Calcium Essentials 1-1-2 with 20% Calcium

Not all fertilizers contain enough calcium or sulfur for your plants. If you are growing vegetables, additional calcium will prevent blossom end rot. Are you tired of picking deadheads off your petunias? The addition of *EVOLVE Organic Calcium Essentials* will extend the life of your petals and you'll spend more time enjoying them versus picking them.

EVOLVE Organic Tomato and Vegetable 7-3-4 with 10% Calcium

One of our top sellers! *EVOLVE Slow-Release Tomato and Vegetable* granular fertilizer will last up to 2 months after application and will help prevent blossom end rot.

EVOLVE Organic Seedling Starter 1-1-2

EVOLVE Seedling Starter liquid organic fertilizer promotes quick germination, massive root development and quick emergence. *EVOLVE Seedling Starter* organic fertilizer is derived from digested vegetable meal, bat guano, citric acid, potassium hydroxide and kelp meal. Can be used on all indoor (including tropicals) and outdoor plants.

SHRUBS & TREES

EVOLVE All Purpose 4-4-4

EVOLVE All Purpose granular fertilizer contains all macro and micronutrients to help your plant in its daily processes. Our formula is derived from Kelp, Bone meal and Calcium, with an additive of our Rage Plus Technology! These ingredients lead to increased root development and accelerated flowering. *Also available in a concentrated liquid formula.*

EVOLVE Organic Rage Plus 0-0-6

EVOLVE Rage Plus liquid organic fertilizer increases your plant's metabolism and acts like a steroid for your plant. Whether your plant is trying to produce leaves, flower, fruit, or store sugars into its root zone to survive the winter, *EVOLVE Rage Plus* organic fertilizer is the fuel your plant needs!

EVOLVE Organic Tree and Shrub with CLAY BUSTER Technology 6-2-2 with 5% Calcium and 1% Iron

EVOLVE Tree and Shrub granular fertilizer is perfect for all your existing or new trees, shrubs, annuals, and perennials. The pellets break down slowly so your plant can efficiently use all the organic ingredients. *EVOLVE's* CLAY BUSTER technology creates pores in your soil system which helps roots penetrate deeper into the clay underlay. This means your trees and shrubs will stay healthy even during over and under watering situations. *EVOLVE Tree and Shrub* can be applied at any time of the year including freeze up.

FLOWERING PLANTS

EVOLVE Bloom Enhancer 3-13-3

EVOLVE Bloom Enhancer is an easy-to-use granular formula. Made from feather meal, bone meal and Potash, this fertilizer works great for all indoor and outdoor plants!

EVOLVE Organic Fish Bloom 2-3-1

EVOLVE Fish Bloom liquid organic fertilizer is made from fish, vegetable protein, bat guano, citric acid and lactic acid which are great food sources for micro-organisms. *EVOLVE Fish Bloom* will DRAMATICALLY increase the population of micro-organisms in your soil which will give you a healthier soil system all around. The higher phosphate level will focus on flower and fruit development.

EVOLVE Rose Fertilizer 2-10-2

EVOLVE Rose Fertilizer is an easy-to-use, organic fertilizer for all flowering plants. Added micronutrients and Calcium help to grow strong, healthy dark green vibrant flowering plants!

EVOLVE Organic Slow Release Hanging Basket & Container 8-4-5 *EVOLVE* Slow-Release granular fertilizer will last up to 3 months after application and is derived from feather meal, bone meal, sulphate of potash and organic certified wheat.

INDOOR PLANTS

EVOLVE Indoor Plant Fertilizer 1-2-1 *EVOLVE* Indoor Plant liquid fertilizer is made from digested vegetable protein, citric acid, and lactic acid. This fertilizer will give your interior plants the nutrient boost they need to grow strong roots, healthy foliage, and vibrant flowering! Now contains *Rage Plus* Technology to accelerate plant growth and flowering to an award-winning status!
